

Activity #3: The Game Making Factory

Checkers

Have each student bring one clean pizza box and twenty-four plastic milk bottle tops. Provide markers, paint, and rulers.

Measure and mark the inside of the pizza box with 2" by 2" squares. Color them in a checkerboard pattern using 2 colors of markers. Make two different colored sets of twelve game pieces out of the plastic milk bottle tops. If necessary, paint the tops.

Tic-Tac-Toe Game

Have each child bring an empty, clean cereal box and twelve plastic milk bottle tops. Provide markers, rulers and safety scissors.

Cut out the back panel of the box for the game board. Draw a three by three game board with two-inch squares on the inside panel. Paint two sets of six tops to be used for game pieces.
